COLOUR STAIN ESSENCE

 **SAYERLACK**<sup>®</sup>  
INNOVATIVE WOOD SOLUTIONS

# COLOUR STAIN TRENDS

## COLORI DELLA TERRA, ANIMA DEI MATERIALI

Una palette ispirata ai colori della natura: terre bruciate, ocre caldi, verdi muschio, argille e sabbie.

Attraverso le tecniche combinate di spruzzo e straccio (con o senza sfumatura), valorizziamo queste tonalità in finiture contemporanee, materiche, autentiche.

**Un omaggio alla bellezza organica del legno.**

---

## EARTH TONES, THE SOUL OF MATERIALS

A palette inspired by the colours of nature: burnt earths, warm ochres, moss greens, clays, and sands.

Through combined spray and cloth techniques (with or without shading), these shades are enhanced in contemporary, textured, and authentic finishes.

**A tribute to the organic beauty of wood.**

---

## COULEURS DE LA TERRE, ÂME DES MATÉRIAUX

Une palette inspirée des couleurs de la nature : terres brûlées, ocres chauds, verts mousse, argiles et sables.

Grâce aux techniques combinées de pulvérisation et de chiffon (avec ou sans dégradé), ces teintes sont mises en valeur dans des finitions contemporaines, texturées et authentiques.

**Un hommage à la beauté organique du bois.**

---

## ODCIENIE ZIEMI – DUSZA MATERIAŁU

Paleta inspirowana kolorami natury: palone brązy, ciepłe ochry, zielenie mchu, gliny i piaski.

Dzięki technice natrysku połączonej z przecieraniem (z cieniowaniem lub bez), odcienie te nabierają głębi w nowoczesnych, strukturalnych i autentycznych wykończeniach.

**Hołd dla organicznego piękna drewna.**
