TWO-PACK WB TOPCOAT FOR EXTERIORS AZ36**/XX

Introducing the top quality Sayerlack exterior lacquer system **AZ36**/XX**.

This two component waterbased lacquer can be used for all exterior applications and provides the highest combination of exterior durability with toughness, scratch resistance and chemical resistance.

It can be used on wooden windows and doors, garden furniture and any kind of outdoor furniture where scratch resistance and durability are at a premium to create indoor quality for products outside.

AZ36/XX** extreme outdoor performance even shows no surface or colour change over dark timbers such as teak and mahogany after 1500 hours salt spray test. We recommend to apply over Hydroplus protective woodstain for best results.

AZ36/XX** can be pigmented with the waterborne pastes **XA4034/XX** and **XA2006/XX** to produce a wide range of colours and is available in 5, 30 and 50 gloss.

CHARACTERISTIC	BENEFIT
Superior scratch resistance	Indoor properties for outdoor application
Best chemical resistance against hand creams and sweat	
Isolating properties against both knots and tannins	Versatile for all timbers
Limited grain swelling of softwood and good flow	Superb appearance
