HYDROPLUS WB CLEAR SELF-SEALER FOR INTERIORS AF72**/00

Sayerlack introduces a versatile waterbased one component self-sealer suitable for all substrates with a wide variety of end uses.

Thanks to its excellent all round aesthetic, performance and application properties **AF72**/00** is the perfect choice for simple multicoat finishing - not only for general furniture but for many other applications including doors, turned parts, frames, skirting boards, wall panelling and stairs.

Surfaces produced with **AF72**/00** are characterised by excellent hardness and scratch resistance and very good resistance to liquids. **AF72**/00** can also be used for open pore effect thanks to its superb substrate wetting properties.

The product can be applied over a base stain or as a natural finish or can be tinted with small quantities of waterbased stains from series **AC0600/XX** or **AC1810/XX** for more colour depth of the finishing.
